

## **Westermeyer Industries Announces Delivery Incentive Program**

January 23, 2006 – Westermeyer Industries firmly believes that a promise made is a promise kept. We know and understand that receiving your product when you expect it is crucial to your success. That's why we guarantee that we will deliver your product on the agreed-upon date or we will pay the freight.

To take advantage of this offer mention the freight guarantee on your order. We will send an acknowledgment of your request.

This offer is valid until August 31, 2006. If Westermeyer Industries pays the freight, we may elect to use our own freight carrier. However, we still guarantee that the freight will arrive in the same amount of time as your specified carrier.
